LIST OF EVENTS

TECHNICAL

1. Technical Paper Presentation

NON-TECHNICAL

1. Carrom (Finger Billiards)
2. Rangoli
3. Metal Wire game

RULES & REGULATIONS

1. Technical Paper Presentation

(Location: LH302) | Date & Time: 10-04-2026 12:00 PM – 1:30 PM

- Participants present research or project work on technical topics related to electrical engineering or emerging technologies
- Time limit: 10-15 minutes per presentation including questions
- Presentation can be individual or in groups (maximum 3 members per group)
- Required materials: PowerPoint presentation, research paper (hard copy or digital), or project documentation
- Judging criteria: Content quality (40%), Presentation skills (30%), Technical depth (20%), Innovation (10%)
- Only one opportunity to present; no retakes allowed
- Plagiarism will result in immediate disqualification

NON-TECHNICAL EVENTS

1. Carrom (Finger Billiards)

(Location: LH302) | Date & Time: 11-04-2026 11:00 AM – 12:30 PM

- Dual participation: 2 players per game (individuals or pairs)
- Objective: Pocket your assigned coins and the queen coin to win
- Coin values: Black coin = 10 points, White coin = 20 points, Queen coin = 50 points

- The queen must be covered (pocketed) by pocketing another black or white coin of your colour
- Carom rules apply: Fouling results in opponent getting an additional striker
- First player/pair to pocket all their coins and cover the queen wins
- In case of tie, a single deciding round will be played
- Time limit per match: 15 minutes; if incomplete, highest score wins

2. Rangoli (Artistic Expression)

(Location: Machine Lab) | Date & Time: 10-04-2026 11:00 AM – 12:00 PM

- Team event: 2-4 participants per team
- Allocated space: 4ft × 4ft area per team or decided at that time of activity
- Objective: Create an artistic rangoli design reflecting theme, creativity, or cultural significance
- Materials allowed: Coloured powders, flower petals, beads, glitter, or any non-toxic dry materials
- No wet paints or liquid materials allowed
- Time limit: 60 minutes from start to finish
- Judging criteria: Creativity & theme interpretation (35%), Design complexity & intricacy (30%), Colour coordination & aesthetics (20%), Neatness & precision (15%)
- Any design that is incomplete or damaged during judging will not be penalized
- Participants must leave their work as is after completion for photography and judgment

3. Metal Wire Game (Surgical Precision Challenge)

(Location: LH301) | Date & Time: 11-04-2026 12:00 PM – 1:30 PM

- Individual event: One participant at a time
- To Move the ring/disc along the intricately twisted metallic wire from start to finish without making contact with the wire
- Equipment: Metallic wire maze with a handle-stick and round loop attached
- Chances: Each participant gets 2 attempts
- Contact rule: If the ring touches the wire, an alarm/siren sounds, and the attempt ends
- Losing condition: If participant makes contact with the wire more than once in a single attempt, that attempt is lost
- Scoring: Winner determined by fastest time to complete the wire course among all participants
- In case of tie: Participant who made fewer mistakes/contacts is declared winner
- Time limit per attempt: 5 minutes; if not completed, attempt is considered failed.
